2010 Winter Olympics commemorative sculpture is unveiled*

CALGARY, ALBERTA, CANADA – April 24, 2007 – Internationally acclaimed glass artist, Joel Berman, and Haworth, Inc. CEO, Franco Bianchi welcomed members of the local architect and design community to an event at Falkridge, a Haworth facility near Calgary, Alberta, Canada. The event, themed Design on Ice, was held to promote Haworth and Joel Berman Glass Studios' strategic alliance in which Berman's decorative textured architectural glass is united with Haworth's office furniture and wall systems creating spaces that inspire.

The event also served as the venue for the unveiling of a glass sculpture commemorating Haworth's sponsorship of the Vancouver 2010 Olympic and Paralympic Winter Games. Installed above the main entrance to Falkridge, the sculpture is emblematic of the Olympic skiing experience. Falkridge features Berman glass installations including balustrades, doors, shower enclosures and a feature wall sculpture. Calgary's foremost architects and designers were treated to an evening of refreshments and conversation involving the latest trends in designing with glass.

"We are honoured to participate in commemorating Haworth's involvement with the 2010 Olympics taking place in Vancouver – our own backyard," said Joel Berman, adding, "we are also pleased to be part of this opportunity to communicate with Calgary's design community in such a picture perfect environment."

"We are proud to celebrate with the Calgary architect and design community for two fantastic Canadian partnerships – the 2010 Winter Games and working with Joel Berman," said Gary Scitthelm, Haworth's Vice President of Business Groups – Global Architectural Interiors & Wood Solutions.

###
