

PRESS RELEASE | MAY 1, 2008

## *JOEL BERMAN GLASS STUDIOS INTRODUCES BASTONI*

Joel Berman Glass Studios expands the designer's palette with Bastoni, a new kiln-cast glass texture for architecture and interior design. Like a collection of randomly fallen sticks, Bastoni's pattern is active, non-linear and dynamic. This playful, deeply embossed glass texture is suitable for flat-glass applications as varied as doors, decorative walls, partitions, water features, and much more.

###

Joel Berman Glass Studios is a world-renowned designer and manufacturer of glass art for the architectural and design community offering leading edge designs and collaboration possibilities to take any glass design project from concept to installation. From its design studio and manufacturing facilities located in Vancouver, BC, Canada Joel Berman Glass Studios offers kiln-cast and pressure-formed glass, crafted to the highest standards and featuring designer textures, colors, hardware and design services, all delivered with unparalleled customer focus.
